

A Toast to Your Love Affair with Life

New Amorosa Bella Brut Rose

Just in time for Valentine's Day! Amorosa Bella, the online marketplace designed to ignite the senses, has added a new wine – a sparkling rosé from Mendocino to its custom collection of wines.

Created by winemaker Chris Russi of Thomas George Estates in collaboration with wine expert Ziggy Eschliman, the Amorosa Bella wine collection invites you to explore the taste, smell and sight of wines crafted with talent and passion.

***NEW for February 2010* NV Amorosa Bella Mendocino Sparkling Rose – \$38**

A blend of Chardonnay and Pinot Noir. Ripe strawberry fruit with a hint of cream and spice.

Dr. Charlyn Belluzzo, a resident of California's Kenwood wine region, founded Amorosa Bella as a destination that showcases products, events and conversations that bring greater pleasure to everyday living. From inspirational music and visual art to wine, couture lingerie, custom-blended natural perfume and soy candles, Amorosa Bella offers products that have the power to trigger the senses. In our busy, stressful world where we all suffer from information overload and our senses seem to get lost, Amorosa Bella offers ways to reconnect with authentic sensual living.

We invite you to pop a cork on our Russian River Valley Chardonnay, Pinot Noir, Mendocino Brut or new Brut Rosé, and raise a glass to toast your love affair with life!

Amorosa Bella wines are available at amorosabella.com and are featured at the Kenwood Inn and Spa, Sonoma County, California.
